

## Key Stage Two

### Horizon MAT Super Sport Afternoon

On Tuesday 17<sup>th</sup> September, 15 year 3 and 4 children travelled to the Manadon Sports and Community Hub for a super sports afternoon.

The children were split into two groups and they all had three events to try and gain a high score for an individual achievement. They could get a bronze, silver or gold sticker to go on their certificates and they all worked really hard to get high scores. They were competing with other primary schools from our MAT and looked really smart in the school kit. They displayed Spirit of the Games values, including teamwork, determination and self-belief.
