

Rowing Festival

On Friday 8th November 2019, Zara, Rylan, Lacy and Molly from year 4, enjoyed a great morning of Indoor Rowing at Cann Bridge. Six schools brought their teams along to take part in some indoor rowing activities such as personal challenges, team competitions and fun games organised by Tor Bridge High the young leaders. Each child had a go at completing some distance challenges and were then encouraged to try to beat their own scores as well as that of their team mates and other schools. We celebrated the value of Self Belief this morning as for some children this was a completely new experience and we talked about how important it is to have a go at new things and to believe that you can do it. Well done to all our children for getting involved and trying new challenges—you all did brilliantly!
