Dear Parents and Carers

**Thank you** to all parents, relatives and friends of our **Y3, 4 and 5 classes** who came to support the children as they performed '**Darwin Rocks**' for us yesterday. What a performance! I was **immensely proud** of every individual on the stage and was delighted to see how confident the children were and how much they were enjoying the show themselves. I would like to again thank all of the children and staff involved and to every one of you for supporting your children over the past few weeks as they've prepared their lines, songs, dance routines and for helping with the costumes. It was definitely worth all of the hard work.

I am also delighted to let you know that we have raised a further **£124.72** for the **African Children's Choir**, who are our school charity this year. This gives us a total so far of **£231.69** - Thank you.

I hope everyone has got the message that we are holding a **mufti day tomorrow for Sport Relief**. The Y4 children know they need to bring their school jumpers as they will be out on a trip. Please encourage your children to raid their own pocket money and piggy banks to bring in a donation for this very worthwhile cause.

One final plea for fundraising: Mrs Simpson (Ella and Isabelle's mum) is running the London marathon this year and will be collecting for the Prader Willi Syndrome Society (which you may remember was our school charity last year). If you would like to sponsor her please either contact the school office and we will let her know, or speak to her on the playground.

As this is the final newsletter for this term I would like to wish you all a very Happy Easter and look forward to seeing you on Tuesday 17th April, ready for the summer term!

Kind regards,

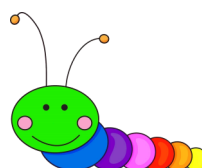

*CL Pyne*

## Hungry Caterpillar News

Dig It Day was a great day and the children thoroughly enjoyed being outside, enjoying time in the conservation area, planting seeds, setting up the composter, clearing the key hole garden to start planting when the warmer weather comes! Thank you to the parents who came in to share the day.

Radio Devon have a competition to win raised beds, growing equipment or gift vouchers which would be amazing to win to help with our growing. Children are asked to design a scarecrow using whatever materials you like. If you would like to have a go, entries must be in school by Wednesday 28th March.

**The Plymouth Safeguarding Children Board is pleased to announce the launch of their new website at [www.plymouthscb.org.uk](http://www.plymouthscb.org.uk) on 7 March 2018.**

A new site has been launched to provide a user friendly site, which is easier to navigate and brings together information for children, young people, parents and families, as well as professionals who work with them.

You can read about the latest information and updates in safeguarding children and young people, access campaign information, find out more about the PSCB, its members and meeting dates and gain access to up to date training information and materials.

The website is at pilot stage, with certain elements still in “test” and subject to further amendment

### **Environmental enforcement officers**

From Monday 19th March extra officers will be patrolling the streets outside Plymouth schools to help crackdown on things like dog fouling, littering, fly-posting and fly-tipping.

The officers will be able to issue fixed penalty notices to offenders. Littering and fly-posting both carry an £80 penalty while dog fouling costs offenders £100, fly-tipping is a £400 fine.

### **Book Fair**

A huge thank you to everyone who attended our book fair. You spent £378 and raised £94 for books for the library. Well done to everyone who entered the competitions. The winners all chose books from the fair. All entries will be shown on the reading display in the hall.

### **No Smoking**

Please be reminded that there is NO smoking within the school grounds and building, this also includes the use of vaping devices.

### **Chinwag Challenge Question**

Would you rather live in a place that is always hot or always cold?

### **Newsletter Team**

Did you know that more people have been into space than have visited the bottom of the ocean? During British Science Week, Year 3 along with several other local schools, visited the National Marine Aquarium. The children learnt about the staff in the Aquarium and their jobs, and they tested a submarine to see what they needed to do to make it sink slowly. They took part in a virtual reality experience where they became virtual divers and were surrounded by fish and other sea creatures. They were lucky enough to have a tour of the Aquarium and encountered sharks, squid, octopus and other creatures. This was all before lunch! All the children then took part in an assembly about British Science Week and Eva was invited to lounge on a beach in cool sunglasses! The point of the assembly was to learn about how plastic pollution is becoming a big problem and is a danger to our world. All the children had a wonderful experience and learnt lots of amazing new facts. Did you know that the ocean is so deep in some parts that it is impossible for humans to visit the sea bed?
