

February 2019

Dear Mrs Prynne

The information contained within this letter has been provided in order for you to make the most of the opportunities available for the children at your school and to ensure you get the best value for your subscription to the Partnership.

Ofsted and the Primary PE & Sport Premium

Ofsted assesses how primary schools use the primary PE and sport premium. They measure its impact on pupil outcomes and how effectively governors hold school leaders to account for this. To assist you with reporting, we have annotated the opportunities in this letter to show how they link to the five key indicators, set by the Government in order for schools to secure improvements.

Key Indicator 1	"the engagement of all pupils in regular physical activity"
Key Indicator 2	"the profile of PE and sport is raised across the school as a tool for whole-school improvement"
Key Indicator 3	"increased confidence, knowledge and skills of all staff in teaching PE and sport"
Key Indicator 4	"broader experience of a range of sports and activities offered to all pupils"
Key Indicator 5	"increased participation in competitive sport"

Details of how you spend your PE and sport premium funding should be on your school website by the end of the summer term or by 31 July 2019 at the latest. For more information about the PE and sport premium, please visit the GOV.UK website.
