Dear Parents and Carers

Welcome back after what I hope was a restful Easter break, despite it seeming so far away already! The children have quickly settled back into the school routines and it has been great to see them able to use the field for lunchtimes and some lessons already. Let's hope the warmer weather comes back again soon.

As you hopefully already know, we will be holding our Sports' Day on Wednesday 6th June with our reserve day being Friday 8th June. Please come along and support your children if you can. We will send out menus and order forms for lunches to be booked before half term.

It has been great to see good attendance at our after school clubs already this term. Please let the office know if your child decides they no longer want to take part in a club as we have waiting lists for quite a few of them. It is also important to let the office know if your child is not attending their club session for any reason so Karen does not have to phone you to check your child is safe.

Please also remember that:

- you need to inform us if your children ever need to walk home with someone else.
- Y3 and Y4 children need a letter from you if you would like them to start walking home alone now the evenings are lighter.
- Only children who have passed their Level 2 Bikeability should ride their bikes alone to school and all children riding bikes MUST wear a helmet.

I look forward to seeing you over the next few weeks.

Kind regards,

CL Pyne

The School's Kitchen

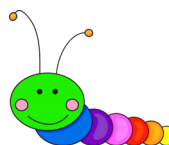

Our school has a wide variety of meat and school lunches but did you know that the school gets their meat and fruit from different places all over the South West!

The Meat Industry

The school gets all of their meat from Brian Etherington a meat company from Redruth in Cornwall. We get all of our chicken, sausages, pork, bacon, gammon, beef and turkey from just this one company and if you know anybody who would like to become a butcher, they actually have a butcher school on the side!

The Fruit Industry

Have you ever wondered where the school gets their fruit, veg and tinned foods from? Well we actually get it from West Country foods in St.Austell

What an exciting return to the summer term for Year 3 and Year 5! Back to school and straight into Bikeability! After learning about road safety and how to make sure our bikes were safe, we spent some time riding our bikes in the playground, learning indication, control and direction. Year 5 then went out onto the roads around the school so we could learn how to start and stop safely at the side of the road, and how to travel around parked cars and where we should be positioned in the road. When we had finished the program, we were all much more confident in riding our bikes. By Eloise (Year 5).

Year 6 are working hard towards their SATs which are coming up shortly. Finlie and Aidan are wondering if you would be able to answer this question?
A box contains some chocolate eggs. Harry takes $3\frac{1}{3}$ kg of the eggs. Ron takes $\frac{2}{3}$ kg of eggs less than Harry. There are 3.75 kg of eggs left. What was the mass of the eggs at the start?

Finlie and Aidan suggest that you change the fractions first!

Good luck!

Royal Wedding lunch on Friday 18th May
